

Parker's Dog Facts and Tips

Information you should know about dog rules in Parker

- Don't leave your dog in the car!
Leaving your pets in your car is not safe, especially during the hot summer months. The temperature inside your car can rise almost 30°F within 20 minutes, even with having a window rolled down.

Name: _____

Badge # _____

Phone: _____

Temperature (F)		Elapsed Time
Outside	Inside Vehicle	
75	94	10 min.
75	104	20 min.
85	104	10 min.
85	114	20 min.
95	114	10 min.
95	124	20 min.

- If you think it's hot outside, it's even hotter for your pet - make sure your pet has a means of cooling off. Unlike humans, dogs have very few sweat glands and most of the ones they do have reside in their feet so they cool themselves by panting. However, the harder they have to pant, the warmer their body temperature will become as they have to work harder to try to stay cool.
- Keep your dog free of external parasites and heartworms - consult your veterinarian about the best product for your pet.
- Consider clipping or shaving dogs with long coats and apply sunscreen to your dog's skin if (s)he has a thin coat.

Keep Your Pet on a Leash

Your dog must always be on a leash, 30 feet or shorter, when it is outside of your home or fenced yard. This includes all parks and trails in Parker (we do not have an off-leash dog park).

Barking Dogs

Be mindful of your neighbors and try to keep your dog from barking excessively.

What to do about Barking Dogs

- If you are having a problem with your neighbor's dog barking, please discuss the situation with your neighbor first. If you do not get results by talking with your neighbor and you feel the noise is loud, persistent and habitual, contact the Parker Police Department at 303.841.9800.
- The Animal Welfare Officer or a Police Officer can issue your neighbor a warning for violating the Town's noisy animal prohibited section (Chapter 9.03.040) of the Town's Municipal Code.
- If the situation continues, your neighbor may be required to appear in court. It is

helpful to have evidence such as date and time-stamped video documentation of the violation or have other area residents act as witnesses. If found guilty, the dog owner could face fines of up to \$499 per violation.

Noisy Dogs Prohibited

- It is unlawful for your dog to persistently bark, howl or yelp between the hours of 10:30 p.m. and 7:30 a.m. or when no one is home; resulting in the dog being a public nuisance.
- A violation is defined as at least three "habitual" occurrences in a six-month period of "persistent" noise for 30 minutes or longer.

Clean up After Your Dog

Not picking up after your dog and disposing of its feces properly could result in a mandatory court appearance and up to a \$499 fine. Signs and disposable dog bags are located throughout the Town's parks and trails system for your convenience.

ID Tags

Keep an ID tag (with the owner's name, address and telephone number) and/or a microchip with updated information on your dog or cat at all times. You can be cited for not having one of these two things and this makes it much easier to reunite you with your pet if it runs away.

Keep Your Vet Records Handy!

To be kept in the Town, all dogs, cats and ferrets must be kept current on their rabies vaccines. Owners of such pets are also required to have proof of these vaccines at all times in the form of a rabies certificate from a licensed veterinarian or a numbered, dated tag. (Ord. 5.06.33 §1, 2005)

Summer Safety Tips

- Make sure your dog has unlimited access to fresh water and shade when outside.
- When walking, try to stay off of hot surfaces (like asphalt) because it can burn your dog's paws. It's also best to take walks during cooler hours of the day.
