

Permit Type: ELECTRICAL
Permit Sub-Type: RESIDENTIAL

You are applying for an Electrical- RESIDENTIAL permit.

Definition: Any electrical work not associated with an interior remodel, basement finish or addition (e.g., adding outlets, adding lighting, service change, etc.) If associated with a basement finish or interior remodel the general contractor/homeowner should apply for a Residential- Interior Remodel or Basement finish permit.

Submittal Requirements: **Parker Highly recommends and prefers that all documents be submitted in electronic form.**

- Homeowner name and phone number
- Contractor(s) Must be state licensed electrical contractor to perform electrical work
- Description of project and to scale plans if applicable

If you have any questions please contact The Town of Parker Building department at 303.841.1970 or building@parkeronline.org

Applicable Codes:
2015 International Residential Code
2014 National Electric Code
