What made you decide to run for Town Council?

I have been a business owner in the Town of Parker since 2005 (a business I started from scratch, in my home, with no employees or consumers, in an industry I have never worked in). I live, work, play and serve in the amazing community of Parker, CO. The Town has helped my business flourish in the last 13 years. I believe in giving back to my community. I have done this in numerous ways throughout the years. Town Council is another way to give back and continue to serve my community.

What will your top priorities be if elected to Town Council?

Parker is a growing community. We need to ensure that an appropriate infrastructure is in place for the additional roof tops and businesses that desire to call Parker home. Transportation, housing and solid Town finances are three of my top priorities.
