INSTRUCTIONS
SALES TAX RETURN FOR THE PURCHASE OF A BUSINESS

1. Complete this form in its entirety, leaving no sections blank unless you do not have the requested information available to you. If you need more space to provide the information requested please attach an additional sheet of paper.
2. Under the “Purchase and Sales Tax Information” section, the “Purchase Price of Business” is the full amount paid for the business. The “Price of Personal Property” is the total amount that was paid for the tangible personal property only (such as furniture, fixtures, appliances, equipment, other applicable fixed assets, and inventory that is NOT for resale).

PLEASE NOTE: If the tangible items purchased are being placed on a depreciation schedule for Federal and State income tax purposes, then the “Price of Personal Property” amount reported to the City should be the greater of the property price included in the purchase agreement OR the original cost amount placed on the depreciation schedule.

3. Please provide a complete description of the property items included on this return. If necessary, a separate listing of property purchased can be attached.
4. The Town requires a full copy of the Sale/Purchase Agreement be provided in addition to the completion and filing of this form.
